Summary:	Action:
[insert summary]	[insert action]

The Competition Planning committee is just finalizing the sanctioned events for the short course season in 2010 after consulting with technical officials and coaches and the operational staff at SWA. Some of the considerations factored into the calendar which members need to be aware of are:

Due to the strain on officials and the lack of new technical officials coming into the sport, we need to actively restrict the number of meets held. Therefore no club will be granted the ability to host 2 meets within the one competitive year.

In keeping with the intent to reduce the amount of time spent at swimming meets and a need to have a tiered structure to our meets, we will trial a process where swimmers with NT will be ineligible to enter SWA meets. This responsibility falls to clubs to provide the opportunity for swimmers to register a time at a club time trial.

We have introduced some meets where swimmers who have AA and above will not be able to participate. This is part of the tiered approach to competition which should encourage those who would miss out on medals etc. in an open event to experience some success and confidence.

The calendar will be released soon. I trust you will recognize the effort made by the volunteer committee in creating the calendar and we look for your support through the season to attend as many events as possible.

David Toll  
Executive Director

18 January 2010.
